Laurens 17, Malta

My experience in Alicante with ISC was amazing! I have to say that before going in Alicante I was scared that I would have passed all the holiday alone without making any friends, but thanks to all the sport activities, Spanish classes and the member of the staff that are super friendly and kind with you from the moment you walk in the campus, after one day I already knew almost everyone there and I passed 2 weeks surrounded by amazing people doing sport, going to the beach, going to the city centre... all while learning Spanish! I had so much fun and I'll never forget the two weeks spent in Alicante with ISC.

Emma 14, Italy

Its was really fun especially meeting new people and i made really good memories with lsc community. Everyone is super friendly and i hope isc opens this year again.

Anika 12, Singapore

Been to this camp for two years in a row and honestly best times of my life! Spanish lessons are great, and actually enjoyable. The sport is incredible and the evening activities are always fun. Also the first camp I've ever been to where all the monitors are friendly and you can actually get to know them as friends. 100% would recommend ISC to anyone.

Pierre 16, London

ISC is truly a paradise for teenagers. With fun and engaging Spanish classes, a thrilling variety of sports to choose from, and an inviting community of friends and staff from around the world. ISC not only helped me improve my language skills, but also allowed me to evolve socially. On my first day at ISC, I was afraid I'd be lonely for my four-week stay, but here I am, two years later and still talking to dozens of friends from every corner of the globe. ISC is a place for everyone and I am counting the days until I could come back! The best time of my life was at ISC!

Ben 15, New Jersey

Best two weeks of my life with the best crew and met so many people!! Hope to be back next year and see everyone. Spanish lessons were the best and can really see an improvement!

Flavia 15, Monaco

I went to ISC two summers in a row. The first year, I went alone, not knowing anyone there. When I arrived, I instantly felt welcomed and at home. The monitors are like our family, they always made sure that we were happy, safe and well. They directly introduced me to everyone and were here for me anytime. I had such a fun time at ISC, we were doing really fun activities and sports all while learning Spanish and discovering the Spanish culture! At the end of my stay, I did not want to leave so I kept in mind that I was going to come back the year after that! The second year at ISC, I was not the only one to go back. I saw my old friends again but also made new long lasting friendships! I was so happy to see the staff again. I miss it so much and I definitely had the best time at ISC! It's like a home away from home!! I am so glad I got to experience it
